CLASSIC HOT ROD FLAT • 2.8 VOC HOT ROD SATIN

Classic Hot Rod Black is a 2 component acrylic urethane coating. Classic Hot Rod Black is an excellent coating for restoration, striping, coating frames, engine compartments, or any place a primer like coating is needed. This coating is formulated to withstand the same atmospheric conditions as any single-stage urethane system.

Features:

- Flexible
- Guaranteed performance
- Even Satin & Flat Finishes
- Excellent adhesion
- Long-term durability
- UV Screeners
- Excellent leveling
- Excellent chemical resistance
